Scope and objective

The objective of this factsheet is to share with the aviation community the latest aviation relevant information on the outbreak and its impact on aviation operations. As the situation evolves, the document will be updated, when required.

Generic information

EACCC Rules of Procedure

The EACCC Rules of Procedure can be found on EUROCONTROL OneSky Teams:

<https://ost.eurocontrol.int/sites/NMCR1/Rules%20Of%20Procedures/Forms/AllItems.aspx>

EACCC contact information

The up-to-date EACCC contact information can be found at EUROCONTROL OneSky Teams:

<https://ost.eurocontrol.int/sites/NMCR1/Lists/EACCC%20contacts/AllItems.aspx>

NM contact information

The contact information of the NM crisis management team can be found at EUROCONTROL OneSky Teams:

<https://ost.eurocontrol.int/sites/NMCR1/Lists/NM%20Crisis%20management%20team/AllItems.aspx>

National Crisis Management Structures

Information about the national crisis management structures in the EUROCONTROL member states can be found on Onesky Teams:

<https://ost.eurocontrol.int/sites/NMCR1/SFP%20corner/Forms/AllItems.aspx>

Scenario specific information

Information sources

WHO

Information from WHO on recent outbreak events:

<https://www.who.int/csr/don/en/>

Specific information about the Novel Corona Virus can be found at:

<https://www.who.int/health-topics/coronavirus>

ECDC/DG SANTE

Information from the European Centre for Disease prevention and Control (ECDC) can be found at the following link:

<https://www.ecdc.europa.eu/en/home>

Specific information about the Novel Corona Virus can be found at:

<https://www.ecdc.europa.eu/en/novel-coronavirus-china>

CAPSCA	Collaborative Arrangement for the Prevention and Management of Public Health Events in Civil Aviation
DG SANTE	European Commission Directorate for Health and Food Safety
EACCC	European Aviation Crisis Coordination Cell
ECDC	European Centre for Disease Prevention and Control
IATA	International Air Transport Association
ICAO	International Civil Aviation Organisation
NM	Network Manager

Event specific information

Description of event

Here goes a brief description of the current event

Characteristics of the disease

Specifics of the disease:

Specific pathogen name:	Novel Corona Virus (2019 - nCoV)
Transmission type:	Animal-human and human-human
Transition rate (or attack rate):	N/A
Base fatality rate:	N/A

Geographical information

The outbreak started in Wuhan, China and a limited number of cases have been seen in Thailand and Japan.

Latest developments

WHO

Please see the latest information at the links provided above

ICAO CAPSCA

Please see the latest information at the links provided above

ECDC/DG SANTE

Please see the latest information at the links provided above

State focal points

Impact on air travel

Media reported that U.S., Japan, Thailand and Hong Kong are performing entry screening on passengers coming from the Wuhan area.

EACCC

Not active

Network Manager

No impact on European Network at the moment

IATA

N/A

ACI

N/A

Latest figures

This section contains the latest figures of the actual situation as well as simulations for various scenarios.

The figures come from ICAO, IATA and NM

ICAO

N/A

IATA

N/A

NM

N/A

Possible scenarios

Scenario	Network impact
Airlines suspend flight to and from affected region	
Airports apply entry/exit screening on flights from affected region	
Airports apply entry/exit screening on all flights	
State authorities require quarantine of suspected persons	
Passenger locator tracking is activated	

Actions in the EACCC framework

EACCC not active
